RUGBY PRIMESTOCK SOCIETY

Home baking – Fruit Cake

Ingredients:

10oz (275g) currants	4 large eggs
6oz (175g) sultanas	2oz (50g) whole almonds, chopped
6oz (175g) raisins	1 scant tablespoon black treacle
4oz (100g) glace cherries, quartered	grated rind of 1 lemon
4oz (100g) ready to eat apricot, snipped into pieces	grated rind of 1 orange
2oz (mixed candied peel, finely chopped)	
3 tablespoons brandy	To finish:
8oz (225g) plain flour	Brandy to feed
¼ teaspoon grated or dried nutmeg	
½ teaspoon mixed spice	
8oz (225g) soft margarine or softened butter	
8oz (225g) dark muscovado sugar	

Method:

Begin this cake the night before you want to bake it. Measure the prepared fruits into a large bowl, mix in the brandy, cover and leave in a cool place over night.

Pre-heat the oven to 140° /275°F/Gas 1. Grease and line an 8in (20cm) deep round cake tin with a double layer of greased greaseproof paper.

Measure the flour, spices, margarine or butter, sugar, eggs, almonds, treacle, lemon and orange rinds into a large bowl. Beat well to mix thoroughly, then fold in the soaked fruits. Spoon the mixture into the prepared tin and spread out evenly with the back of a spoon.

Cover the top of the cake loosely with a double layer of greaseproof paper.

Bake in the pre-heated oven for about 4-4 ½ hours or until the cake feels firm to the touch and a skewer inserted into the centre comes out clean. Allow the cake to cool in the tin.

When cool, pierce the cake at intervals with a fine skewer and feed with a little brandy. Wrap the completely cold cake in a double layer of greaseproof paper and again in foil and store in a cool place for up to 3 months, feeding at intervals with more brandy.

Leave undecorated.
