The vaccination of the sheep, as declared by the seller, will be **highlighted** in the sale catalogue with these logos, to inform buyers, saving them time and effort when they get home!

H = vaccinated with Heptavac P plus (clostridial disease and pasteurellosis)

T = vaccinated with Toxovax (toxoplasmosis)

F = vaccinated with Footvax (footrot)

E = vaccinated with Enzovax (enzootic abortion)

All the below information is to be taken as correct and be a true representation of the stock to be presented and the description of which is to be warranted by the Vendor. For clarity it is confirmed that sheep will be warranted as correct in mouth and udder, unless specifically declared otherwise. Theaves must be described as having lambed or run dry. Double Theaves must have lambed in the previous season.
